Build Big Sanitarium

Arrangements were completed yesterday whereby the United States Sanitarium Company purchased Dr. C C. O'Donnel's 170-acre ranch at Glen Ellen. Dr C. C. O'Donnell and F. H. Williams, of San Francisco, the latter representing the company, were in Santa Rosa yesterday on business connected with the deal, which involves a large sum of money.

The company proposes to erect a large sanitarium on the place in addition to other large buildings. The deal includes the buildings at present on the ranch, with the exception of the O'Donnell residence which the well known physician reserves.

It is announced that the sanitarium will be known as the "Emmanual Sanitarium," and it is proposed to follow out the plan of "Emmanual Movement," which is at present attracting so much attention throughout the country and abroad.

On the O'Donnell place are a number of springs famed for their curative agencies, and the number lately has increased by the discovery of other springs. It is proposed to spend a large sum of money in the ornamentation of the grounds about the sanitarium, which will be located amid the rural scenery that makes the beautiful Sonoma Valley famous. There are many plans that will be developed along this line. The United States Sanitarium Company is now floating bonds in the east for the carrying out of its extensive project on the O'Donnell place. In company with Attorney Alexander Bruce of this city, Dr. O'Donnell and Mr. Williams drove to Glen Ellen yesterday afternoon.—Press Democrat, March 20th.

N. W. P. and S. P. Connect

Monday morning a force of surveyors arrived in Santa Rosa and immediately began work on the link that is to be built connecting the Southern Pacific and the Northwestern railways at that point, and it is the intention of the company to rush the work through as fast as possible. This will practically do away with the junction at Shellville as all freight will probably be hauled to Santa Rosa and turned over to the N. W. P. at that point. While it is regretable that the forces must be reduced at Shellville by this change, the fact must not be overlooked that this move will give Sonoma Valley a more direct connection with the north.

We understand that Eureka is also to be connected with Willets and that trains will be run from that point to Sacramento, making it possible to go from Sonoma to the capitol without change of cars.

This will also bring us much nearer to those motor cars we have been waiting for so patiently. It has also been rumored that when this connection is made a train will leave Santa Rosa on the N. W P. in the morning for Sausalito returning via the S. P. through our valley to Santa Rosa in the evening, and that a train will run in the opposite direction about the same time.

Sonoma State Home

So as to avoid the confusion of name the big institution at Eldridge in Sonoma Valley for the care and training of feeble minded children has been changed and will hereafter be known as the "Sonoma State Home." The recomendation for the change was made by Senator Price.

A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial orde for a good suit and you'll be satisfied. ctf

Our spring line, season 1909, is now ready. It contains both staple and novelties of every discription G. H. Hotz, Napa street.

MOTTO FOR 1909

Smile and the world smiles with you
"Knock," and you g alone;
For the cheerful grin
Will let you in
Where the "kickee" is never known.
Growl, and the way looks dreary;
Laguh, and the path is bright;
For a welcome smile
Bring sunshine, while
A frown shuts out the light.
Sight, and you "rake in" nothing,
Work and the prize is won,
For the nervy man
With backbone can
By nothing be undone.
Hustle! and fortune awaits you,
Shirk! and defeat is sure;
For there's no chance
Of deliverance
For the chap who can't endure.
Sing, and the world's harmonious,
Grumble, and things go wrong,
And all the time
You are out of rhyme
With the busy, hustling throng.
Kick, and there's trouble brewing,
Whistle, and life is gay,
And the world's in tune
Like a day in June,
And the clouds all melt away.

Enjoy Smoker

Saturday evening of last week the Woodmen of this city held a smoker in their hall on Broadway, and though the rain came down by the bucketfulls there were quite a number present—Some came a distance six or eight miles.

Missouri meershams and clay pipes were plentiful and large bowls of tobacco was on every hand, and through the smoky atmosphere one could see a number of card tables occupied, and every one trying to show his opponent that he was an all around card sharp and hard to beat. For a number of hours the contest waged hot and finally all journeyed to the banquet room and enjoyed a banquet which was certainly well worth the effort. In fact the spread was the best yet and those present seemed to fairly gorge themselves—Frank Riser did at least and Pop Bridges was a close second. A beautiful cake was finally cut and several nearly broke their jaws trying to chew marbles, dolls, shells, pins and buttons. We all know the guilty cook, however, and are laying in ambush ready to annihilate her.

Returning once more to the hall the members settled all old scores and then indulged in numerous games, such as "Taps," races and acrobatic stunts continuing the same until day broke and then reluctently sought their several homes.

Unequaled as a Cure for Croup

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used in many thousands of homes For sale by L. S. Simmons.

Misery in Stomach

Why not start now—today, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache or Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines and besides, one triangule will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of Indigestion.

TAKE NAPA STREET CAR direct to our store, it will pay you. Come where the merchandise is right, and the prices and policies are better. G. H. HOTZ, Sonoma.

FRIDAY, MARCH 26 1909.

Will.ts is to have a $30,000 sewer system. What about Sonoma? Do you think we will ever have a sewer system? We think that our city Trustees ought to get busy and not lay things on the table so much and fight them out one way or other. We understand they had this matter up before them a year or fifty years ago and did nothing. What's the excuse? We have no more City Halls to build and our Trustees should be looking to the welfare and health of our city. Be modern and wake up to the fact that Sonoma must come out of its ancient ways and progress as our surrounding cities do or quit business.

The daily papers have been full the past week of the kidnaping of Willie Whitla, and millions of people have watched the reports with bated breath, and now, at last, when the abductors thought the deal had been pulled off successfully, they find that the people are not to be hoodwinked for long and that there are still as smart people on earth as themselves. In our mind this is one of the worst crimes that can be committed. When we think of the aching heart of the mother and the anguish of the father, lynching is none too good for the perpertrators. This pair of crooks should be given the limit in order to discourage others who might try the same way of raising money.

GLEN ELLEN NEWS

Considerable rain fell here during the past week.

There is some talk of organizing a brass band in town.

George Hardman was appointed census marshal in the school district.

Oysters in all styles at Mayflower hall next Saturday evening. The Ladies' Aid Society have the matter in hand.

Dame Rumor has it that several weddings will occur here in the near future.

The Ladies' Improvement Club are making decided headway with their preliminary arrangements for the building of a club house.

Considerable interest is manifested in the school bond election to be held next Friday, April 2nd. The addition to be built is certainly a much needed one and will be a decided help to the school.

The rocky road to Dublin may be a rough road but the Gordenker road north is its counterpast if not worse. Young and handsome Mike Gordenker (that's what the ladies call him) was driving along said thoroughfare last Wednesday evening when suddenly his vehicle overturned and rolled with its occupants to the bottom of a ravine. Oliver Cobb, of the Waldheim poultry farm, in passing and on his way to a Circle meeting, heard a peculiar noise and proceeded to investigate. He found Mike struggling and loudly crying for help, and, after considerable patience and hard work, succeeded in assisting him back on level ground. The neighbors have made up their minds that the road needs fixing. Mike will not need fixing as he escaped all injury.

Sunday afternoon a party of four young ladies undertook to walk up to Mt. Trimti. They succeeded in walking a quarter of a mile further than the proposed destination and had the pleasure of snowballing each other before starting homeward. They walked in all a little over ten miles and were glad when their weary feet at length reach the glen. One young lady, who is of a romantic turn of mind, describes the sunset as it impressed her in the following little poem:

Below the valley stretching far away
In the dim haze of the declining day.
A sudden hush beneath the tall pines,
A silence that out God alone defines.
The chirping of the birds that seek their rest,
A flood of molten glory in the West.
A rose tint on the snow that lingers yet,
A crimson splendor and the sun has set.

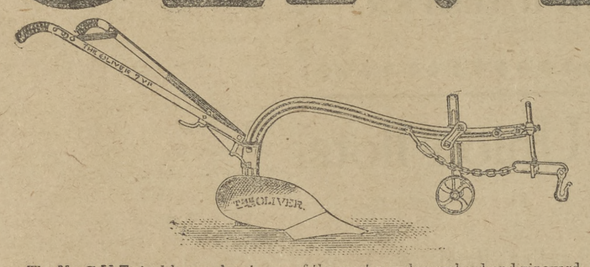
OLIVER



The No. 7-V-F steel beam plow is one of the most popular orchard and vineyard plows on the coast. Has many special adjustments which provide for plowing close up to the trees and vines without damaging them.

JUST LOOK at the *Oliver Line* before you buy---that's all.

We want you to have the best plow on earth for your particular purpose. We believe that plow is the OLIVER and we think we can prove it to you, We haven't any objection though to your looking around all you choose---the OLIVER sells better by comparison than it does in any other way.

It is a plow that competition does not hurt, for when you line it up with the others it sells on its plain superiority. This season there are new designs, new features and a brand new plow for orchard and vineyard work that is a wonder.

All we ask of any man who wants a plow of any kind is that he come and see us before he buys. That isn't much---better do it now.

A Gentleman Tramp

One of the funniest specimens of humanity made this office a call yesterday morning—a gentleman tramp, dressed in the latest fashion and reminded us of a traveliug salesman than a tramp, and the first tramp that we have ever met that did not have a hard luck story to tell and wind up by asking for a meal

He is known throughout the world as A No 1 and has traveled 460,000 miles paying only $7.61 in his life for railroad fare. He has saved a number of wrecks and has helped many a wayward boy to return home and mend his ways. Has innumerable receipts for bills he has paid on the installment plan for people in distress. On one instant he borrowed $30 from a jewler in Los Angeles and bought a suit of clothes for a boy, paid his fare home and saw that he reached there safely.

He is proud of being an honest tramp and boasts of the fact that he paid a lady 25cts. he had borrowed twelve years before and has proof that he did.

He carries his own business card as well as a book of his travels and is an artist in his line—cutting faces in potatoes and painting them, and, perhaps you recall, about four years ago he was plying his potato trade in Sellinger's Store window in Oakland.

He goes by the name of A No. 1 and we think it an appropriate title as he is certainly an A No. 1 tramp and if our country was filled with more of his kind than the other we would be better off.

He has a medal given him by Richard K. Fox, of the Police Gazette, for making the fastest record between New York and San Francisco in beating trains. He made the trip in eleven days.

He has his burial plot bought and a large tombstone erected on which reads "A No1, The Rambler, Resting at Last."

Taking him all in all he was a gentleman, intelligent, energetic and of a nervous temperment and not a drunk or sluggard like we generally see in those of that profession.

Engine Stripped

Running at a high rate of speed on last Tuesday evening the engine that pulls the freight between Shellville and Suisun began to loose its side rods and other parts. Speaking from a railroad point of view the engine "Stripped herself." The rails were twisted and track torn up. the train finally being stopped without derailing any cars, and it is a wonder that there was not more damage done and loss of life. A big crew of men were at work repairing the track Tuesday and Wednesday nights. Engineer Ryan considers himself and fireman lucky in getting off without a scratch. The accident was something out of the ordinary, as we seldom hear of parts of an engine falling apart and dropping off.

P. R. Davis, C. E., made a business trip to the Metropolis Wednesday, returning Thursday evening.

WEEKLY EXPOSITOR

PUBLISHED EVERY FRIDAY BY

C. L. NEWMAN

Editor and Proprietor.

Entered at the Sonoma Postoffice as Second-class matter.

FRIDAY, MARCH 26 1909.

Will.ts is to have a $30,000 sewer system. What about Sonoma? Do you think we will ever have a sewer system? We think that our city Trustees ought to get busy and not lay things on the table so much and fight them out one way or other. We understand they had this matter up before them a year or fifty years ago and did nothing. What's the excuse? We have no more City Halls to build and our Trustees should be looking to the welfare and health of our city. Be modern and wake up to the fact that Sonoma must come out of its ancient ways and progress as our surrounding cities do or quit business.

The daily papers have been full the past week of the kidnaping of Willie Whitla, and millions of people have watched the reports with bated breath, and now, at last, when the abductors thought the deal had been pulled off successfully, they find that the people are not to be hoodwinked for long and that there are still as smart people on earth as themselves. In our mind this is one of the worst crimes that can be committed. When we think of the aching heart of the mother and the anguish of the father, lynching is none too good for the perpetrators. This pair of crooks should be given the limit in order to discourage others who might try the same way of raising money.

The rocky road to Dublin may be a rough road but the Gordenker road north is its counterpast if not worse. Young and handsome Mike Gordenker (that's what the ladies call him) was driving along said thoroughfare last Wednesday evening when suddenly his vehicle overturned and rolled with its occupants to the bottom of a ravine. Oliver Cobb, of the Waldheim poultry farm, in passing and on his way to a Circle meeting, heard a peculiar noise and proceeded to investigate. He found Mike struggling and loudly crying for help, and, after considerable patience and hard work, succeeded in assisting him back on level ground. The neighbors have made up their minds that the road needs fixing. Mike will not need fixing as he escaped all injury.

Sunday afternoon a party of four young ladies undertook to walk up to Mt. Triniti. They succeeded in walking a quarter of a mile further than the proposed destination and had the pleasure of snowballing each other before starting homeward. They walked in all a little over ten miles and were glad when their weary feet at length reach the glen. One young lady, who is of a romantic turn of mind, describes the sunset as it impressed her in the following little poem:

Below the valley stretching far away
In the dim haze of the declining day.
A sudden hush beneath the roaring pines,
A silence that out God alone defines.
The chirping of the birds that seek their rest,
A flood of molten glory in the West.
A rose tint on the snow that lingers yet,
A crimson splendor and the sun has set.

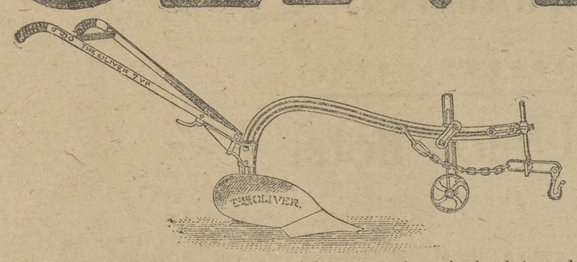
OLIVER



JUST LOOK at the *Oliver Line* before you buy---that's all.

The No. 7-V-F steel beam plow is one of the most popular orchard and vineyard plows on the coast. Has many special adjustments which provide for plowing close up to the trees and vines without damaging them.

We want you to have the best plow on earth for your particular purpose. We believe that plow is the OLIVER and we think we can prove it to you,

We haven't any objection though to your looking around all you choose---the OLIVER sells better by comparison than it does in any other way.

It is a plow that competition does not hurt, for when you line it up with the others it sells on its plain superiority. This season there are new designs, new features and a brand new plow for orchard and vineyard work that is a wonder.

All we ask of any man who wants a plow of any kind is that he come and see us before he buys. That isn't much---better do it now.

Livernash, formerly of Santa Rosa, later a San Francisco journalist and member of Congress from a San Francisco district, has petitioned the district court for a change of name He says his true name is Edward J. de Nivernais, but that he had not used it since he came to this country. He wants his old name again.

Santa Rosa is to have an art school. S. T. Daken, the artist, has had plans prepared by J. B. Durand for a building, to be devoted to these purposes. Mr. Daken has a private collection of works of noted artists and has his own paintings, which will form a permanent display in the gallery. The American Art Association, with which the Daken school will be affiliated, will furnish at various times excellent examples of art, including sculpture and architecture, as well as printings. This association, whose headquarters are in New York, supplies circulating collections to affiliated schools throughout the United States.

have completed final arrangements whereby Prof. Adrien, City Supt. of Schools, of Santa Barbara, will give a lecture entitled. "What shall we do for the child?" in the High School on April 10th. County Supt. of Schools, De Witt Montgomery, will also be present and give an address. It is hoped that all parents and others interested will attend as this is a vital question and one it is impossible to fanthom without deep thought and light on the subject from these who have had experience in this line. There will be no admittance fee charged.

School election next Friday in the grammar school. There is to be one trustee elected. B. F. Campbell is the retiring trustee after a service as trustee of thirty years. It is with regret that we learn that he will not run again, as he has been an energetic, enthusiastic and a staunch trustee, always standing for what he thought right and proper and working for the upbuilding and uplifting of our schools. We hope his successor will follow in his footsteps.

During the rain storm of Saturday night another one of our old land marks collapsed, the Poppe wine cellars, and now lies a mass of ruins. This building is very old and was one of the first buildings built in Sonoma, being composed partly of adobe. It is beyond repair and must be torn apart and now used as firewood. At this rate it will not take long for all these old structurs to disappear as this is the second within two months.

Monday afternoon Julius Poppe went to the Poppe farm for a load of hay and upon returning the harness on his team broke frightening the horses, which jumped foreward throwing Mr. Poppe out of the wagon on the tongue which broke his fall. His collar bone and three ribs were broken. Mr. Poppe is now at his home on First Street East and resting easy, but will be confined for some time until the broken bones mend.

C. W. Woodworth, a brother of Sam Woodworth of this city recently sold ten acres of orchard near Sebastopol for $450 per acre and with it 6½ acres of bare land at $125 per acre. The land and orchards there are not better than in Sonoma Valley and intending purchasers will do well to remember that this valley can show equally as good property at a great deal less expense.

On Monday last Constable J. F. Ryan took in charge a man by the name of John Wilson, who has been stopping at the Union Hotel for the past two months, and who is insane and drove him to Santa Rosa for examination. He was examined the same day and sent immediately to the Ukiah State Hospital. He was under the impression that some one was trying to kill him.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It tones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot, Mandrake root, and chemically pure glycerine.

Pierce's Pleasant Pellets — Remember, these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and although much imitated, have never been equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

The District Attorney of Napa County announces that he will prosecute Stanley Lawless, who killed Joseph Bagnasco with an ax, on a charge of murder. Lawless cut his wife's throat in an attempt to kill her; burned his house to the ground and then cut his own throat.

Attorneys for the defense will put up a plea of insanity. Lawless is in fair condition at the County Hospital, though able to take food into his stomach only through a tube. The prosecution will endeavor to have Lawless sent to Folsom under the new law which proves for the commitment of the criminally insane to State penitentiaries.

The Superior Court is asked to condemn as nuisances the fifty-one fine mesh fish nets, costing $30 apiece in China, with which ten Chinese now under arrest have been making hauls of fish of all sizes in the bay, in violation of the State game laws. The nets are owned by Quong Lee Hung, of San Francisco, whose two junks were captured with seven tons of fish, largely minnows, aboard. The Fish Commission makes this demand.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

Most women who have bad complexions have dyspepsia, or at least indigestion, which eventually will become dyspepsia. To have fine, fair skin and healthy, rosy cheeks you have to have first a good, healthy, perfect digestion in order that you may have rich, red blood. Sour stomach makes sour people. It makes your disposition sour—you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Azerbaijan, a province in Northwestern Persia, is the home of the descendants of the Ghebeas, the ancient fire worshipers of Persia. The whole countryside is admirably adopted to the propagation of a fire worshiping creed, for earthquakes and caverns vomiting fumes from subterranean conflagrations abound in the neighborhood of Tabriz. One of the most remarkable caverns in the world is that of Secundereah, whose character resembles the Grotto del Cane of Naples. It gives off noxious fumes, which at certain times are certain death to man and beast. But the most astonishing place in Azerbaijan is the ruined city of Takhti-Suleimaun, or Solomon's temple. The city stands on a hill 150 feet high, with a wall of thirty feet embracing the crumbling remains of a temple and shrine. In the midst is a "lake of deepest azure." Although most of the buildings are of the Mohammedan period, there is no striking mass which has been identified as the temple of the fire worshipers.

Professor H. A. Howell, of Havana, Recommends Chamberlains Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now." writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Simmons.

Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by L. S. Simmons.
